INFIRE
INnovation Fibrosis
Inflammation REmodeling

Inflammation, Remodeling & Fibrosis in Human Diseases

Scientific day | **Friday, 10th April 2026**
Cochin Hospital, Paris

Theme

**From cellular interactions
to organ crosstalk**

Conferences

Short talks

Round table

Two Junior Prizes

Best oral communication

FHU
INFIRE
Innovation Fibrosis
Inflammation REmodeling

9:00 - 9:30am

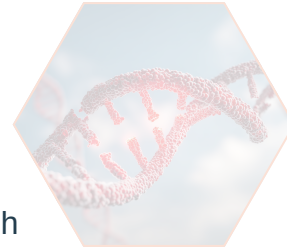

Welcoming

9:30 - 9:45am

INFIBREX & INFIRE introduction

Prof. Bruno Crestani - Prof. Luc Mouthon

Prof. Raphael Borie - Dr Camille Cohen

Session 1 – Inter-organ communication

9:45 - 10:45am

KEYNOTE

Kidney inflammation and fibrosis

Dr Bryan Conway - University of Edinburgh

10:45 - 11:30am

Lung–joint crosstalk, the example of rheumatoid arthritis

Prof. Raphael Borie – Prof. Philippe Dieudé - Bichat Hospital

11:30 - 11:50

Coffee break

11:50 - 1pm

Short Talks- Selected abstracts

1pm - 2pm

Lunch

Session 2 – Cellular crosstalk and innovative tools

2pm - 3pm

KEYNOTE

Autologous immune organoids to investigate pediatric cancer development

Dr Alessia Bagattin, Gustave Roussy

3pm - 3:30pm

The complement system, a key player in intercellular crosstalk

Dr Anne Grunenwald – Dr Idris Boudhabhay

Centre de Recherche des Cordeliers

3:30pm - 3:50pm

Coffee break

3:50pm - 4:40pm

Short Talks- Selected abstracts

4:40pm - 5:20pm

ROUNDTABLE

Crosstalk and tools: spatial transcriptomics, imaging

Dr Alessia Bagattin, Gustave Roussy

Dr Idris Boudhabhay, Centre de Recherche des Cordeliers

Dr Camille Cohen, Bichat Hospital

Dr Lubka Roumenina, Centre de Recherche des Cordeliers

5:20pm - 5:30pm

Recipients of the two Best Oral Presentation Prizes

Conclusion
